

OBJECTIVE

To pursue a progressive academic career where I can combine my clinical experience, teaching skills, and leadership abilities to contribute to the education and development of dental students, with a focus on head and neck anatomy and clinical practice.

SUMMARY

Dedicated and passionate dentist with a Bachelor's degree in Dental Surgery and a strong background in both clinical and academic fields.

Currently teaching Head and Neck Anatomy at the University of 21 September, and previously served as a Teaching and Clinical Instructor at Civilization University.

Experienced in student supervision, curriculum development, and academic coordination. Enthusiastic about fostering engaging learning environments and advancing dental education standards.

EDUCATION

Bachelor of Dental Surgery (B.D.S)

Civilization University, 2018 – 2023

GPA: 91.91

High School Diploma

Omer Bin Al Khattab High School, 2016 – 2017

GPA: 94.88.

PROFESSIONAL EXPERIENCE

Teaching Assistant – University of 21 September (Feb 2024 – Present)

Teaching Head and Neck Anatomy for two student groups.

Preparing and supervising lab sessions and practical demonstrations. Coordinating with faculty members in curriculum development and assessment planning.

Serving as Academic Supervisor for students' achievement portfolios.

Member of the Preparatory, Scientific, Financial, and Follow-up Committees of the 1st Dental Conference at the University of 21 September.

Teaching & Clinical Instructor – Civilization University (Dec 2023 – Feb 2024)

Taught and supervised dental students in clinical training sessions.

Oversaw patient treatment in restorative, endodontic, and extraction procedures.

Guided students in diagnosis, case documentation, and infection control.

Participated in clinical evaluation and contributed to improving the clinical curriculum.

General Dentist – DentCare Clinic (Dr. Maram Al Rahbi) (2025)

Dental Intern – Civilization University Clinics (Jan 2024 – Feb 2025)

Performed supervised dental treatments in endodontics, restorative, and oral surgery.

Engaged in clinical rotations covering multiple specialties. Assisted in patient diagnosis and radiographic interpretation.

Dental Trainee – Dr. Nasr Al-Qudaimi Center

Assisted in advanced dental procedures and learned modern clinical techniques.
