The purpose of the Log Book is to document that the trainee has been directly and actively involved in the observation and processing of radiological procedures within the department and has received the necessary supervision to ensure the application of professional standards and the highest levels of safety and quality in practice.

الهدف من كراسة التدريب العملي :

- ✓ توثيق الأنشطة العملية التي يقوم بها المتدرب خلال فترة التدريب في قسم الأشعة.
- ✓ ضمان مشاركة المتدرب في العمليات اليومية بما يشمل المراقبة، التنفيذ، والتعامل مع الإجراءات الإشعاعية.
- ✓ تعزيز مهارات المتدرب من خلال الإشراف المباشر وتقييم الأداء.

Purpose of the Practical Training Logbook:

- ✓ Document the practical activities performed by the trainee during the training period in the Radiology Department.
- ✓ Ensure the trainee's participation in daily operations, including observation, execution, and handling of radiological procedures.
- ✓ Enhance the trainee's skills through direct supervision and performance evaluation.

كيفية استخدام الكراسة:

- ✓ يجب على المتدرب تعبئة جميع البيانات المطلوبة بشكل يومي ومنتظم.
- ✓ تدوين كل إجراء إشعاعي تم تنفيذه أو المساهمة فيه، مع وصف مختصر لكل حالة.
- ✓ التأكد من توقيع المشرف السريري بعد كل نشاط موثق.
- ✓ مراجعة الكراسة بشكل دوري مع المشرف الأكاديمي لضمان التقدم المطلوب.

How to Use the Logbook:

- ✓ The trainee must fill out all required information daily and regularly.
- ✓ Record every radiological procedure performed or contributed to, with a brief description of each case.
- ✓ Ensure the clinical supervisor signs off on each documented activity.
- ✓ Periodically review the logbook with the academic supervisor to ensure the required progress.
